(phone)

DNR: (name)

(phone)

USFWS: (name)

(phone)

In the boxes on page 2 of this form, briefly provide detailed information about your proposed land acquisition project. The following details, from information you supply, may be posted to a state website for public information: project name, county, watershed, primary species to benefit, habitat type, acreage, partners, sponsoring agency, sponsoring organization. Do not submit more text than this 2-page form.

You must also submit 2 maps. One map should show the general project location in relation to nearby federal and state lands. A second map should provide parcel-specific location(s) for land proposed for acquisition, and should relate to the general project location map.
